Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: our ability to maintain adequate revenue levels and cost control; economic and financial conditions in the global markets and regional markets in which we operate, including volatility in interest rates, commodity and equity prices and the value of assets; the implementation of our strategic initiatives, including our ability to effectively manage the redeployment of our balance sheet and the expansion of our strategic businesses; the reliability of our risk management policies, procedures and methods; continued volatility in the capital or credit markets; developments and changes in laws and regulations, including increased regulation of the financial services industry through legislative action and revised rules and standards applied by regulators.

No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. We undertake no obligation to publicly update any forward-looking statement whether as a result of new information, future developments or otherwise.
